Date:

Saturday, 13 June 2026

Location:

Katara Beach – Saflia Island – Return to Katara Beach

EVENT CONCEPT

The Sea-Doo Social Club Qatar Community Gathering is designed to bring together Sea-Doo owners, water sports enthusiasts, families and marine adventure lovers for a full day of safe riding, networking, education, entertainment, and community engagement.

The event aims to strengthen the local Sea-Doo community in Qatar while promoting responsible riding culture, marine safety awareness, and enjoyable social interaction among participants through organized activities and guided group rides.

OBJECTIVES OF THE EVENT

- Build and strengthen the Sea-Doo riding community in Qatar
- Promote safe and responsible riding practices
- Create networking opportunities among riders and marine enthusiasts
- Provide a family-friendly and enjoyable marine experience
- Encourage teamwork, discipline, and group riding culture
- Enhance collaboration between Speed Marine, DMSC, and the riding community

EVENT PROGRAM SCHEDULE

10:30

REGISTRATION & ARRIVAL

Location: Katara Beach

Participants will arrive and complete the registration process before entering the event activity zone.

11:00

SAFETY BRIEFING

Opening Remarks By:

- Speed Marine Team and DMSC Team
- Event Marshals/Team Leader and Ride Coordinators

Topics Covered:

- Introduction of Sea-Doo Social Club Qatar vision and future activities
- Event overview and activity explanation
- Detailed review of navigation route
- Weather and sea condition update
- Safety procedures and emergency response protocols
- Communication procedures during group ride
- Rider behavior expectations and discipline requirements

SAFETY PRINCIPLES

The event follows a strict “Safety First” policy at all times.

All participants must:

- Follow instructions from event marshals and ride team leaders
- Maintain controlled riding speeds
- Avoid dangerous maneuvers or reckless riding
- Respect all riders and surrounding marine traffic
- Keep safe distance between units
- Immediately report any technical or safety issue
- Prioritize group safety over individual riding performance

GROUP RIDE FORMATION RULES

The ride will operate under organized “Zipper Formation” navigation.

Formation Guidelines:

- One official leader Sea-Doo unit with Sea-Doo Flag will guide the group in front row
- Marshals will monitor both sides and rear positions
- Riders must maintain formation discipline
- Overtaking the lead unit is strictly prohibited
- Sudden lane changes or aggressive acceleration are not permitted
- Participants must maintain visual contact with the rider ahead
- Speed will be adjusted according to sea conditions and rider capability
- Emergency stop signals and hand communication signals will be explained during briefing

11:15

TECHNICAL & EDUCATIONAL WORKSHOPS

Interactive workshop sessions organized by Speed Marine technical teams and DMSC Teams

Workshop Topics:

- Basic Sea-Doo operation and riding techniques
- Safe offshore riding practices
- Proper use of riding gear and safety accessories
- Battery care and post-ride maintenance
- Emergency handling basics

11:30

GROUP PREPARATION & DEPARTURE

- Riders assigned into controlled riding groups
- Final technical checks
- Fuel and communication confirmation
- Formation positioning by marshals
- Group photography before departure

12:00 PM

OFFICIAL GROUP RIDE

Katara Beach → Safliya Island

The guided group ride will provide participants with a controlled and enjoyable marine riding experience under professional supervision.

Ride Objectives:

- Promote disciplined group riding culture
